WHAT IS AN MUN

Imagine stepping into the shoes of a **world leader**. You're not just watching history unfold on a screen, you're making it. You're negotiating peace treaties, crafting policies, defending human rights, and solving crises that affect millions.

Model United Nation or **MUN** is a simulation of the real UN, where students become delegates representing countries. They research. They debate. They negotiate. They draft resolutions that could change the world.

Think of it as a **diplomacy bootcamp** where you learn to think like a strategist, speak like a leader, and write like a policymaker.

WHY MUN

Because the world needs more than just good students. It needs **Leaders, Thinkers, Problem solvers**.

You will experience:

History Comes Alive

Understand why wars started, how treaties were formed, and what it takes to maintain peace.

Social Science in Real Time

Politics, Economics, Human rights. You'll see how they collide, clash, and connect in the real world.

Think on Your Feet

Learn to analyze fast, strategize faster, and execute under pressure.

Communicate Like Never Before

Learn to persuade, challenge, and inspire, all while keeping your cool.

Build Connections That Last

Meet students from IITs, NITs, NLUs, and top colleges. Some will become rivals. Some will become allies. Many will become friends.
