

10<sup>th</sup> Edition

# TRIPURA YEAR BOOK 2024

A Comprehensive Guide Book on UPSC, TPSC, SSC & Bank Exam.

A Tripurainfo Publication

## **Why One Should Read This Book**

'Tripurainfo Year Book was first published in 2010 and 9<sup>th</sup> Edition: January, 2022 was an instant hit and a sell-out within the shortest span of time. Many readers including students, candidates for competitive exams as well as those keen to keep abreast of time had been pressing for a 10<sup>th</sup> edition of the book.

Publication of this 10<sup>th</sup> edition is a major step taken by Tripurainfo Publication division. The important feature of 'Tripurainfo Year Book ' or the popular book's 10<sup>th</sup> edition is its concern to present information in an accessible and interesting way. Particular attention has been paid to the language of the entries to ensure that they are written in an intelligible style, without losing sight of the stylistic conventions identifying the subject area to which each entry belongs.

The principle of functional clarity has also been used in the selection of illustration. 'Tripurainfo Year Book 2024', accordingly presents a knowledge base which is well suited to meet the information needs of people just as its maiden first edition 'Tripurainfo Year Book 2010' did. Such commendable and ambitious hard work to prepare and compile a comprehensive database of information relating to Tripura has been successfully completed by Tripurainfo Publication division with the launching of this book which will undoubtedly help the students, unemployed youths and aspirants for jobs through competitive examination and public in general in becoming aware of the benefit they can derive.

This book is originally made as a compulsory study material for students studying in the School of Science, Shyamali Bazar, Agartala, Tripura. Any unauthorized reproduction of any information from this book is prohibited.

## **The per capita income in the state of Tripura Increased to 1,40,803 rupees**

According to the latest data from the State Statistics Department, the state's GSDP has increased significantly in the last ten years. Along with that, the average per capita income of the people has also increased.

According to the latest data, the average per capita income of the state now stands at 1 lakh 40 thousand 803 rupees. According to the data of the Department of Planning and Statistics, Government of Tripura, there is no significant difference between the average income of people in the state and the national average income. According to the data of Planning Department of Government of Tripura, GSDP in the state in the financial year 2011-12 was Tk 19208.41 crore. GSDP increased to Tk 64778.08 crore in FY 2021-22. Similarly, in the financial year 2011-12, the average per capita income of the people of the state was Tk 47155. In the financial year 2021-22, the average per capita income of the state has increased to Tk 140803.

On the other hand, the national average per capita income in the financial year 2021-22 is Tk 15007. It shows that the state's difference with the national statistics in terms of average per capita income is only 9 thousand 204 rupees.

## **About the Book**

It is with the aim of helping the students and candidates for a variety of competitive examinations for jobs that we have designed this book, collating authentic information mostly from official sources. The chapter on the history of Tripura is based on intensive research by authors who have put on record only the important anecdotes and episodes of princely Tripura's multi-dimensional history. Many leading scholars and intellectuals often complain that people, particularly youths of Tripura, are better informed of what is the current state of affairs in far-flung Tennessee State of the USA than the history, culture and major political events in their home state. Keeping this in view this book has been shaped to provide an all round information and data base to the students, youths and people of Tripura at large.

We have taken special care to enrich the book with detailed information on the state of Tripura's economy in all its facets, investment opportunities, and availability of raw materials for industries, history, culture, flora and fauna in the state. But the most important data base contained in the book is the detailed chronology of major events in Tripura since the year 1464 when King Ratna Manikya (1464-1468) had ascended the throne. This chronology includes all major events encompassing a variety of sectors like politics, economy, art, culture and architecture.

The students and youths of the state and inquisitive outsiders keen to know about Tripura will benefit from a study of the book as a fountain-spring of exclusive and hitherto unknown information and data. The resounding success of the first, second, third and fourth to 9<sup>th</sup> edition only helped to further fuel the interests of students and readers in the 10<sup>th</sup> edition of the book. While presenting the 7<sup>th</sup> and latest edition we would like to emphasize that the instant edition has also been carefully updated with the latest information and data, specially the data, Tripura Assembly Election-2023 and the Dynamics of Development in Tripura. While this will go a long way in quenching the perennial thirst for information and knowledge of the readers, especially students, we would like to put on record the crucial fact that our information and data presented in the book have been collected from unimpeachable official sources for the sake of authenticity. Nevertheless, we are ever open to informed suggestions for further improvement of the book from scholars and intellectuals in our next edition.

- **Sekhar Datta, Veteran Journalist & Chief Editor**

## FOREWORD

Tripurainfo.com, the organization and the people pioneering the institution does not require an introduction. The institution as a whole has reached an extraordinary height in the meantime. By and large, the people of Tripura are potential and upright. Amid lot of hardship and deficiencies the people of Tripura are trying to establish the next generation at par with national and international standard. The young stars of Tripura are spread throughout the country and abroad and established themselves in different disciplines of life. Tripurainfo.com initially started as a news portal, but gradually they have taken up noble efforts to guide the young generation, by their works, which helps the young people to flourish their quality, potentials and to set them at par with national standard. The persons behind tripurainfo.com and tripurainfo publications, namely, Mr. Jayanta Debnath and Mr. Shekhar Datta are contributing a lot in publishing different knowledge books which help the coming generation to compete at national level. The Tripura Year Book 2024 (10th Edition) is a proof of continuous efforts and dedication of the veteran persons behind tripurainfo publications. Exceptional hard work, dedication and commitment is required for publication of such a comprehensive year book, full of information and knowledge covering all relevant nook and corner of the State.

I have gone through the 10th Edition of Tripura Year Book 2024, which seems to be very comprehensive covering all areas of importance of the State of Tripura including its flora, fauna, social, political and financial areas. I am confident that this publication will help the young generation to educate themselves with lot of information and knowledge about all affairs of the State.

My good wishes to tripurainfo.com and all personalities behind it.

Former Judge,  
High Court of Tripura,**

# Tripura Year Book 2024

## Book Summary

'**Tripura Year Book 2024**' provided a succinct, systematic and readable guide to the facts, events, issues, beliefs and achievements that took place in Tripura from time immemorial till 1464. Its aim was-as it continues to be – to act as a standard reference work for use in the home, office, educational institution, library etc by both adult enquirers and young people of high school age. The 9th edition has not only updated the content but fine-tuned a number of rough edges.

The most noticeable characteristic of '**Tripura Year Book 2024**' is its function as a standard reference work. It aims to give authentic answers to specific queries about people, places or topics relating to Tripura. The majority of entries are short and to the point. The longer entries provide a detailed exposition of themes of particular contemporary historical importance.
